Polycom® Video Conferencing Transport Cases

Custom Protection for Durability, Mobility and Convenience

Polycom custom transport cases keep your video conferencing hardware safe and effective on the move.

Whether for disaster relief or company expansion, effective mobile communications cannot be compromised. Polycom offers a variety of convenient and attractive carrying cases custom designed to protect Polycom video conferencing systems from variable conditions in the field and on the go. These sturdy cases keep mission-critical equipment in optimum condition, ready for use any time.

- Water-jet customised polyethylene foam interior

  Resists dirt and moisture; puncture resistant; excellent shock absorption; superior resistance to vibration and compression

- Secure clasps and double throw latches

  Keep cases firmly fastened and most feature clamp locks on three sides for added security

- Edged casters and extension handle included on most models

  Sturdy, fluid rolling mobility

- Custom fit product accommodations

  Enhanced stability; easy product loading and unloading

Peace of mind

No matter what the conditions, travellers and field agents can remain focused and assured that their Polycom hardware remains safe and secure in durable, reliable, custom-fitted cases.
